

Expanded Fusion™ Panel Program

Our new **Fusion™ Plus Program** is designed to benefit customers who require additional options beyond what our standard Fusion™ panel line offers, but do not require a custom engineered solution.

- Offers **additional options** not available through our standard catalog
- **Rapid response time** to quotes (within 24 hours)
- **Fast build-to-ship times** (10-15 days)
- **More economical** than a custom engineered solution
- **Larger enclosure sizes** (up to 24 x 24 x 10 inches)
- 3-Year Limited Warranty

Options Include:

- Stainless steel, painted steel, fiberglass or polycarbonate enclosures
- 22mm lights and switches
- Lag pump time delay
- Auxiliary contacts for many situations
- Auto dialers
- Intrinsically safe options
- Triplex panels
- GFI receptacle (single phase only)
- Time dosing
- 40 FLA max
- Surge protection
- And more!
